As head of the 8 chapters that make up the Federation, Gary will preside over all regular meetings as well as the federation forestry contest banquet coming up October 9 and the federation leadership school at Appomattox in November.

Autumn Scene Includes Large Red Oak

Last year the TIMES – VIRGINIAN, with cooperation from the VPI Extension service, published several pictures of large white oak trees in the county. Mrs. Fleming Martin (above) of Route 4, has a red oak of good size, too, 13 feet one-half inches in circumference, Extension agent J. A. Smith explains that the red oaks grow more slowly than the white oaks, which probably makes this giant older than some of the huge white oaks to be found in this area. The Martin farm was the late Fleming Martin's home place. It commands a beautiful view of fall foliage in the Stonewall district.

We urge all W.M.U. ladies of Group III to be present and to bring a sandwich for lunch. The host church will provide drink and dessert.

Fidelity is after your money!

Now that you've earned it, we want you to save part of it . . . with us. To encourage you, we've come up with a number of solid reasons that make solid sense.

For instance, Fidelity is far more convenient to more people than any other bank in this part of Virginia. You can not only save but do all your banking at Fidelity.

You can save by mail with Fidelity, and your savings are safe . . . insured to $15,000 by F.D.I.C. A husband and wife can be insured up to $45,000 by having individual accounts and a joint account.

Regular passbook savings accounts earn 4% interest, compounded quarterly, so that your interest earns interest. And your money is always available for instant use when you need it.

As an added convenience, you can save automatically by letting Fidelity do it for you. Just tell us to deduct a specific amount from your checking account each month and we'll deposit it in your savings account.

5% Fidelity Savings Certificates have an effective annual yield of 5.1271% when the interest is left to accumulate for one year, because it is compounded continuously. No bank pays more. Our certificates are flexible as to investment and length of time. Start with $500 or more with terms of three months or longer. Fidelity Savings Certificates are automatically renewable and your interest can be mailed to you, deposited in your checking or savings account, or left to earn even more interest.

Visit the Fidelity office nearest you and start your savings program. But do it now. You know what they say about tomorrow.
